Christmas

High School Play Open To Public

Continuing a Jefferson Union high school Christmas tradition, students will present a Nativity play and a musical program for the community, tonight, December 16, at the Jefferson auditorium, beginning at 8 o'clock. Title of the play is "And There Was No Room at the Inn."

The impressive Nativity play, which was presented before a Daly City audience, last year, has a cast of Jefferson students chosen from the musical, dramatic, and public speaking classes.

The following students comprise the cast of the play:

The narrators, Helen Capps, Bianca Ratto; the madonna, Helen Oxley; Joseph, Merrill Miller; three shepherds, Donald Decker, Benny Greenough, Keith Johnson; the innkeeper, Walter Hughes; the three Wise Men, Ralph Davidson, Ken Hatt, Bob Olson; the women of Bethlehem, Alice Crossland, Rozelpha Oberg, Bette Rud, Nancy Sorg, Frances Vaughn, Marjorie Denton, Barbara Hardister.

The play is under the direction of Roy J. Gale, of the high school faculty.

The Jefferson girls' a capella double trio, singing many of the well-loved Christmas carols, will be an outstanding feature of the program, furnishing the musical background.

Concluding the evening's performance, the high school chorus will sing "The Hallelujah Chorus" by Handel. All music for the evening is under the direction of Oscar Busch.

To Miss Elizabeth Jones goes credit for the decorative Nativity costumes. Lighting effects were achieved by A. Hansen.

The program is open to the public without charge and parents and friends of the school are cordially invited to attend.

More Local Men Join Armed Forces

Daly City Draft Board No. 103 sent 28 men to San Francisco for induction into the armed forces, Friday, December 10. At the same time, the board transferred three men away for induction and had four men transferred to it for induction.

Not all reports on the men's acceptance or rejection are back yet but to date the following local men have been accepted from the quota: Lyle C. Anderson, 140 Alexander street, Army; August Seiler, 64 Willits street, Army; John C. Golobic, 103 Garden lane, Colma, Navy; Charles Schmitke, 101 San Diego avenue, Army; Andrew P. Lopez, 2 Village lane, Colma, Navy; Ted R. Gonterman jr., 151 Bellevue avenue, Army; Henry A. Sernack jr., 101 Shakespeare street, Army.

Early in January, 1944, Mrs. Isabelle Flynn, chief clerk, reports that the local board has been instructed to supply forty men for service with the armed forces.

Police Chief Says Curfew Law Works

Police Chief James G. Reardon expressed satisfaction, this week, with the cooperation parents and children are giving Daly City's new 10 o'clock curfew law. He stated that in the main it is being observed. The small percentage of violations is being carefully checked and referred to the proper channels for action.

Thursday, December 9, local police spent a busy 24 hours during the height of the wind storm which lashed through Daly City, felling trees, causing street lights to go out, and damaging residences. At the Daly City Poultry company, 6261 Mission street, Officers August Benassini and

"Small Fry" To Have Yuletide Theatre Party

Here's a Yuletide event designed especially for Daly City's "small fry"—a theatre party, Monday, December 20, 12:30 p. m. at the Daly City theatre. Every youngster in town under the age of 15 is cordially invited to attend. The party has been made possible by the cooperation of J. W. Marchbank, owner of The Record, who's paying for the matinee; the City of Daly City, supplying candy for the hundreds of kiddies who'll attend; and Mrs. Anne Eason and Mrs. Maisie Boyle of the Daly City Recreation committee, who have made arrangements for the festive occasion.

Tickets will be given out to children at all the schools here, tomorrow, December 17, for the matinee.

Santa Claus and members of the Women's Civic club will distribute the candy treat to the children as they enter the show.

Westerns and comedy shorts, movie fare dear to the hearts of children, will provide the 3-hour entertainment in store at the party, Monday.

Are You Forgetting Those Servicemen?

Does your Christmas list include remembering the boys who frequent the Daly City Servicemen's club, 6201 Mission street?

Small gifts to give them a nice Christmas eve are still needed. These, gaily wrapped in Yuletide paper, may be left at the Daly City Police department, 75 Wellington avenue, which is serving as a collection depot for the project. On Christmas eve the gifts will be under the tree at the club for the servicemen. Those in charge of the club ask that you bring in your gifts as early as

Town Of Colma Changes Method Of Collection

Method of collecting business licenses in the Colma area was changed by action of the town council at its regular monthly meeting, held Monday, in the temporary offices at E. A. Weisenburger's, on El Camino Real.

Because of manpower and fuel shortages, a resolution was passed making all such licenses payable at the city clerk's office, across the street from Cypress Lawn cemetery. Notices of the license fees will be mailed out, and holders will not be called upon for payment, as has been done in the past. Instead, they will be given the responsibility of making the payment within a specified time before a penalty is added. About fifty firms now hold such licenses and will be affected by the new plan.

Councilman Mattrup Jensen reported on the proposed extension of sewer connections to portions of the area not now receiving the service. Considerable work has already gone into compiling probable costs to property owners, arrangements for connecting with existing lines, and similar matters by Jensen, City Attorney Charles Gebhardt and Engineer R. A. Klassen.

Gebhardt explained the legis-

NEW CITIZENS

The list of 155 newly naturalized San Mateo county citizens, who were granted their citizenship papers after examinations conducted, November 30 through December 8, before Judge Maxwell McNutt in the superior court at Redwood City included the following from Daly City and Colma:

Colma—Luigi Descalzo, Cesare Agresti, Angelina Micheletti, Maria Adreveno, Aguste Cavalli.

Daly City—Vasco Melani, George A. Spoulos, Vincent W. Tufo, Sebilla Biasotti, Clementina Casentini, Michael Sibitz, Rizieri Morini, Maria Malaspina.

Daly City Council Has Brief Session

Daly City council meeting, Monday night, December 13, was exceptionally brief, being concluded at 9 o'clock. No outstanding subject pointed up the transaction of routine business, which included the reading of communications, passing of a resolution transferring $6,000 from the general fund to the fire protection fund, committee reports, and the paying of claims.

Councilmen Edmund Cavagnaro, Eugene V. Lynch, Howard A. McHugh, and Mayor A. J. Gaggero were in attendance. Illness kept Councilman John J. Fahey from attending.

John Coleman and E. Forsell, both fire commissioners, sent in letters of resignation, which the council regretfully accepted. The council voted unanimously to acknowledge the resignations and ordered the city clerk to thank the men for their many years of service.

Fire Chief Andrew P. Chesney's report on Wit's End was read. Both he and Health Inspector Fred A. Collins reported that the tavern had taken steps to correct violations which first brought the establishment to the attention of the council.

Purchasing Agent Arthur J. Bodien reported that it would be necessary to sign a new contract for city gasoline after the first of the year. He is now securing bids to submit to the council at its next regular meeting.

Operation of Daly City's new setup for taking care of emergency medical cases is pending until the City of San Francisco replies to the request that Alemany Emergency hospital handle Daly City's cases, with the County of San Mateo meeting the bills for such services. John W. Marchbank has donated this community an ambulance to give added protection for local residents. It would be employed in taking Daly City cases to the Alemany hospital, or to the San Mateo County hospital at Beresford when longer hospitalization was indicated.

Under communications the council heard a letter from the Market Street railway which in-

Industrial Users Must Re-register

All persons who use rationed foods in the manufacture of any products and now are registered with the Office of Price Administration as industrial users are required to re-register between December 15 and January 1, the San Francisco District Office of Price Administration announced, this week.

Industrial users in Daly City will report to War Price and Rationing Board No. 83-12-3, 470 Grand avenue, South San Francisco.

It was explained that the re-registration will further simplify rationing regulations for industrial users—canners, bakers, candy makers, soft drink manufacturers. A single new form (OPA R-1200) will be used for all rationed foods replacing the present system of applying for sugar, processed foods, and meats and fats on three different application forms. Beginning January 1, all food allotments for industrial users will be for the same quarterly periods.

SENIOR WARDENS

Air raid wardens of Daly City are asked by Harry Melicker, chief air raid warden, to note that the regular monthly meeting of the Senior Air Raid Wardens is being held early in December. Due to the last Friday falling during the holiday week, the session has been scheduled for tomorrow evening, December 17, 8 o'clock at the city hall, 75 Wellington avenue.

All wardens, as well as senior wardens, are urged to attend.

DALY CITY MAN COACHES "BEST GIRL DIVING PROSPECT"

Lovely Victoria Taylor, hailed by diving experts as a coming national champion, is coached by a Daly City man, James "Jimmy" Hughes, 134 Moltke street. Hughes, with whom coaching diving is a hobby, sees a great future for "Vickie," who was recently sent to Jasonville, Indiana, to represent San Francisco in the A. A. U. senior fancy diving championship.

Hughes has been CYO Swimming Commissioner for the past 10 years. Once an Olympic Games diving competitor, he was always the guiding force in handling the local district meets at the Y. M. I. pool and the annual Fleishhacker finals. His interest in the sport is just as keen as it ever was and his new pupil is said to be the best girl diving prospect San Francisco has seen since the days of Helen Crlenkovich.

Miss Taylor, 18-years-old, has rejected an attractive movie offer, preferring to retain her amateur status and win the national championship.

Hughes, a member of Daly City Post No. 410, American Legion, is employed by the Pacific Gas and Electric company and has a wide circle of friends and acquaintances here.

Civilian War Council Meets This Evening

Daly City's Civilian War Council will meet, this evening, December 16, at the city hall, 75 Wellington avenue. Arthur J. Bodien, director, said that routine business would occupy the session, which opens at 8 p. m.

Under discussion will be the role of civilian defense training and personnel as utilized in the recent Alexander street plane crash.

Miniature Village

Shirley, Eleanor, and Betty Miller, daughters of Mr. and Mrs. H. R. Miller jr., 279 Irvington street, have been proudly showing neighborhood children for blocks around their Christmas tree display. Made by their father, it features an elaborate miniature village, electric trains, tiny people, grocery stores, village blacksmith shop, scenes of hunters and Santa Claus himself. It is 4 by 8 feet in size and several types of lighting are used to show it off to best advantage.

Miller has worked on accumulating properties for the setting over a period of years and feels that this is the year he "got it just right." Neighbors are invited in to see the display.

Christmas Party

Children of the members of **Daly City Post and Auxiliary No. 410**, American Legion, will be feted at a Christmas party, tomorrow evening, December 17, at Legion hall, 474 San Diego avenue. Festivities will get under way at 8 o'clock.

Begin Construction

Construction of the sand settling sump at the Citrus avenue pump house began, this week. The project is expected to eliminate the nuisance of sand getting into the Daly City Water Works system.

BLUEPRINTS FOR GREATER BUREAUCRACY

According to the Wall Street Journal, the Bureau of Reclamation is shaping a $300,000,000 irrigation and hydroelectric power program, to be rushed through immediately following the war. In addition to this, in the words of the Journal: "Another dam building agenda of approximately equal proportions has been drafted by the Army Corps of Engineers, vastly exceeding its total pre-war dam construction . . ."

It appears that the country is on the verge of a dam building orgy. If these programs are carried through to completion, the grip of public ownership will be virtually unbreakable, and the bureaucracy that we have now will seem puny by comparison.

With the ghastly apparition before us of peoples all over the world crushed by authoritarian government, it is anything but reassuring to see blueprints for a similar type of government developing in this country. The individual is not included in those blueprints. He is a mere workhorse. Unless he makes politics a career, he can expect little more than a peasant's role. His initiative will be siphoned off in taxation, just as his job and opportunities will be controlled by political officeholders.

The managements of private electric companies in every section of the nation have sought to awaken the people to the danger of government entering into business in tax subsidized competition with private citizens. They have sought to show that socialization of electric power is but an incident in a trend. They have endeavored to show the people, before it is too late, that while industry, under private ownership, can be regulated effectively, the same is not true under government ownership; that only by saving private ownership can political liberty be saved for the individual.

Where the people have had an opportunity to vote directly on the issue in local elections, they generally turn thumbs down on public ownership. This is a hopeful sign.

Grace Church of the Nazarene, Vista Grande and Santa Barbara avenues, is now sharing a 30 minutes broadcast over Station KLX, 910 on the dial, with the First Nazarene Church of Oakland. The program may be heard, Sundays at 5 p. m.

The I Troop Carrier Command is the branch of the Army Air Forces charged with carrying men and equipment into battle areas throughout the world. The giant C-47 twin-engine planes they fly are a military version of the familiar Douglas airliner.

The public relations officer at Headquarters, New York Air Defense Wing, reports that **Raymond W. Varley,** 6834 Mission street, has been promoted to the rating of technician fourth grade in the Signal Corps.

Private **Hugh H. Smith jr.,** former city councilman, is now attending Army Administration school at Fargo, North Dakota. He anticipates being home on furlough after the first of the year, according to local friends.

The Record was the recipient of a "Christmas Greetings from Foreign Lands," last week. Private First Class **Melvin J. Kingon** was the sender. Kingon saw action in the African campaign. He entered the service in April, 1942.

Harvey Melicker, son of Mr. and Mrs. Harry Melicker, 447 Irvington street, has successfully completed a 3 months course in "Elementary Electricity and Radio Materiel" at the Naval Training school at College Station, Texas.

Upon his graduation there, last week, Melicker received the petty officer's rating of Radio Technician, third class, which is among the most valued in the Naval service. It means that he has mastered the fundamental principles of the field of electronics.

Melicker is being detached from his station and will go to another school for an advanced course in this highly technical field. He took his recruit training at the Farragut, Idaho, Naval Training station, where he qualified for entrance to a Navy Service school.

Private First Class **Fred W. Klotz,** son of Carl C. Klotz, 188 Hillcrest drive, is now overseas with the U. S. Army.

Pool Closes

The pool at Jefferson Union high school will be closed from Friday, December 17, to Monday, February 28. Patrons are asked to note this announcement from the high school office as neither students nor outsiders will be able to use the pool during that period.

The gymnasium will be open to the public again after the high school Christmas vacation, which concludes Monday morning, January, 3, 1944. It also closes to the public, Friday, December 17.

Night school classes held at the high school will observe Christmas vacation the same as day students from Friday, December 17, to Monday, January 3, 1944.

All-New Follies Bergere of 1944 Now Playing Nightly At S. F. Winterland

Glorious fantasy, sparkling comedy and dazzling beauty have been combined in the all-new Folies Bergere of 1944, now playing nightly for a limited engagement at Winterland, in San Francisco.

Gorgeous girls and great dancers, uproarious comics and deft artists all blend their skill and talent under the masterly direction of Clifford C. Fischer to present what he terms "the greatest of all Folies Bergere."

The extravaganza opens with a gay sequence of French songs and dances. Entitled "When Paris Sings Again" it presents the world's favorite songs from France.

Scores of beautiful girls and some of the best known stars of vaudeville frolic on "The Little Farm in Normandy" which features the trampeline artists — Monroe and Grant.

The breathtaking "Rose Ballet" features the Folies' lovely girls who dance with giant satin roses, and Jean Devereaux, piquant ballerina, who is famous for spinning on her toes.

The colorful and exciting "Horses" act features the daring Cristianis and their riding and acrobatic tricks, while beautiful girls perform on the backs of huge papier mache horses and ride about in zebra-drawn carriages.

"Claire de Lune"—exquisite ballet—features dainty ballerinas who dance with giant pearls.

The fast moving show ends with a riot of French gayety with eighty vivacious girls swirling their ruffled petticoats as they dance the daring Can Can.

Mail orders for tickets are now being received by Winterland, Post and Steiner streets, San Francisco, 15, and filled in the order of their receipt. The management encourages mail orders as a convenient way of securing choice seat locations and saving gas, tires, and time.

Reorganize Sea Scout Committee

The committee of the Daly City-Colma Lions club, which handles supervision of Sea Scout Ship No. 144, has been reorganized. Mel Battye has been named chairman and his co-workers include Larry Comer, R. E. Bennett, Dr. William J. Lantheaume, Robert Fessenden, John Newton, and William J. Sweeney.

Skipper for the ship is Bert Meritt, a member of the Lions club and former head of the committee.

Skipper Meritt announces that recruiting has begun again and any boys interested in joining may call at the regular Wednesday evening meeting, 7:30 o'clock at 6266 Mission street, or contact Mate Joe Powers, 538 Winchester street, ELkridge 1745.

IT'LL PAY YOU!

Salvage of waste kitchen fats pays additional dividends to housewives, on and after Monday, December 13, when butchers were authorized by the Office of Price Administration to pay for these fats with ration points.

One brown ration point can be collected by a housewife for every half-pound of salvaged kitchen fat which she turns in to her retailer. Housewives will continue to receive the ceiling price of 4c a pound from butchers for waste fat. District OPA officials explained that retailers will not be able to give points for less than one-half pound nor for any fractional overweights.

The points-for-fats program has been launched by the Office of Price Administration to step up collections in the drive of the War Production Board to secure waste fats for the making of glycerine, sulfa drugs and other vital military uses.

Waste Paper Drive To Help "Wounded"

Supplies for Junior Red Cross activities in Daly City will be augmented by the sale of 37 tons, 100 pounds of waste paper, gathered in the waste paper drive conducted here by the schools of the Jefferson Elementary district. The drive ended, December 3. R. L. Crane jr., district superintendent of schools, and local Salvage chairman, thanked all who helped make the campaign a success.

The Junior Red Cross throughout the local schools devotes its main attention to producing articles which will be of comfort and convenience to wounded servicemen at hospitals in this area and elsewhere.

On Christmas, as every day, we'll "keep 'em rolling"

THE HEAVY, URGENT TRAINS of war will roll as usual over our rails through the twenty-four hours of December 25th.

S.P. engineers and firemen, conductors, dispatchers, yardmen, brakemen — thousands of men and women of the many score crafts required to operate the West's biggest railroad — will be at their posts of duty.

With the "tools" of our trade — locomotives, cars, tracks and signals — we will move the war trains. We will move service men on furlough and members of their families, plus an enormous volume of food and industrial shipments.

Yes, the people of our railroad will be hard at work on Christmas. But still this Day will have for us a bright and special meaning — because you folks who live along our lines have made the Christmas Spirit so very real to us.

New proof that used Studebakers are a stand-out wartime buy

MRS. PETERS, who signed the telegram above, was challenged by her ration board to prove she could get 26 miles per gallon with her Studebaker Champion.

So a carefully supervised test of her Studebaker was made and submitted to the board. The test showed even better mileage—and the result was that Mrs. Peters' "B" ration was renewed. If you need a more economical car for your essential driving, buy a used Studebaker. But don't wait too long. They're getting scarce because of big demand.

Daly City Band To Play At Game

The Daly City Band will play at the annual East-West football game at Kezar stadium, New Year's Day, it is announced by Bandmaster George Brenner. The band will have 35 pieces, and will feature a drum major and two majorettes, Miss June Camp and Miss Dorothy Langston.

Tipton Banks was recently elected secretary-treasurer of the band, succeeding the late Charles Williamson. Banks will continue to serve as drum major, a position he has held for the past six years.

Brenner announces that the band invites any local resident who is an experienced band musician to join. Rehearsals are held each Tuesday evening, 8 to 10 p. m., at No. 5 firehouse, Oliver street and Bellevue avenue.

The bandmaster reports having received many letters from the boys, former band members, now in the service. All write that they wish to see the band continued and will be glad to play in it again when peace is won. Thirty-one band members are now in the armed forces.

COULDN'T YOU LEND A HAND?

How about an EARLY New Year's resolution, ladies?

This is not addressed to women working all day long in offices or defense plants, nor those with small children who demand constant supervision.

For want of sufficient volunteers the Daly City Red Cross workroom is falling short of quotas which are being continuously stepped up due to the demands of an all-out war. Mrs. Ruth Morris, in charge of the production of surgical dressings, at the local workroom, above Theatre hall, appeals to local women with one or more hours to give on Wednesdays and Fridays to aid the present corps of loyal volunteers. Hours are from 10 a. m. to 4 p. m. on Wednesdays and Fridays.

"If you are a local woman who could help in this important war service work, why not resolve to do so now, even before January 1, 1944, the traditional date for 'resolutions'," urged Mrs. Morris.

GREYHOUND THANKS THE PUBLIC

In a summary of the outstanding accomplishments of the nation's public transportation during the war period, F. W. Ackerman, vice-president of Pacific Greyhound Lines, gives substantial credit to the traveling public.

"Pacific Greyhound credits much of its success in solving wartime transportation problems to the splendid cooperation of civilian travelers," Ackerman said. "The impact of war brought a tremendous volume of new traffic," he pointed out. "Millions of men have been inducted into the armed forces since Pearl Harbor and have been brought by bus from every section of the United States. From widely scattered mobilization centers and training camps they have traveled widely on leaves, transfers and other military business. These necessary military movements of millions of men of the constantly growing military services have thrown a heavy load on all public carriers.

Further, the amazing wartime growth of industry, with hundreds of new plants built and thousands expanded, have created unprecedented demands for transportation of workers. Hundreds of buses have been used exclusively in service to war plants and military centers."

"Among all transportation companies Greyhound's job has been especially noteworthy," said Ackerman, "because owing to its flexible widespread service the demands made upon it have been exceptionally heavy. Serving the military training centers, camps and bases and industrial plants, as well as the thousands of cities and towns throughout the country not reached by other public transportation, has presented enormous problems, especially with the limited equipment and personnel available."

To solve its problems Greyhound has worked out new methods of maintenance to keep buses in service, according to the Greyhound official, is employing women as bus drivers, mechanics and service workers.

MORE LIGHT!

Commissioner George R. Reilly, member of the State Board of Equalization for this district, once again called attention today to the ruling of the board having to do with proper lighting of cocktail lounges and similar establishments dispensing alcoholic beverage. He declared these establishments must conform with the ruling of the board, which required that they be adequately lighted.

"Nearly a year ago," Reilly said, "the board made a survey of the lighting in on-sale liquor establishments, and found many of them entirely too dark. As the

Light Session At Friday's Court

Friday's traffic court session, December 10, was notable for the absence of almost everyone except Judge William J. Sweeney and his clerk.

Alfred Paulson, 527 Hearst avenue, San Francisco, forfeited $50 bail for drunken driving; Edgar Dale, 3230 San Jose avenue, forfeited $10 bail when he did not appear to answer charges of being drunk in a public place; John Henry Arthur, 1119 Shotwell street, San Francisco, forfeited $10 bail on charges of being drunk in a public place.

One parent was present in the first of the curfew ordinance cases. Judge Sweeney issued a warning and advised full cooperation with the 10 p. m.-off-the-streets edict.

"Kiss and Tell" Here Until Xmas

The management of "Kiss and Tell," the hilarious comedy by F. Hugh Herbert, produced and directed by George Abbott, which registered such an emphatic hit at the Curran two months ago, announces the ending of a very successful San Francisco engagement. The final performance will be Saturday matinee and night, December 25. The company departs the following day for Los Angeles where an engagement begins at the Biltmore theatre, Monday evening, December 27. Thus San Francisco theatre goers have bestowed their patronage on the merry comedy for ten capacity weeks, an endorsement of the hearty welcome given the attraction in New York, Boston, Philadelphia and Chicago, where sensational runs have been recorded. The critics in these key cities as well as in San Francisco, were lavish in their praise of the play and cast, which is made up of New York favorites, headed by Katherine Alexander, Jack Davis and June Dayton.

F. Hugh Herbert has written a successful escape comedy, full of neighborhood feuds, soldier romance and the humor and heart pangs of adolescence . . . a good comedy by an experienced cast. A longer engagement of the ten allotted weeks would have been possible but other bookings in Southern California made it necessary to call for the final curtain on Christmas night.

Anderson To Report on Subsidies, Dec. 19

The inflationary spiral now facing the nation can be checked without consumer subsidies, if government agencies will use the powers granted to them by the Congress for price control enactments, according to Congressman Jack Anderson, this (Eighth) district's representative in Washington. This will be the theme of a radio report by the Congressman to his constituents, Sunday evening, December 19, over Station KQW between 5 and 5:15 o'clock.

Congressman Anderson is definitely opposed to subsidies, he declares, while governmental agencies refuse to use their powers to control prices. Anderson claims Congress has passed adequate legislation giving these agencies the necessary authority to keep the economic structure of the country on an even keel without the use of subsidies, which will run into fabulous figures.

In addition the Congressman, during his radio talk, will review important events of the Congress during 1943. He will stress particularly the progress of the war effort on both the battle and home fronts as it concerns the acts of Congress during the past year.

Ladies Home Club

The Ladies Home club will NOT hold a December whist party. Through a typographical error in last week's story the announcement read that the club would "hold a whist in December," which is incorrect. Due to the Christmas holidays, the fourth Tuesday whist has been cancelled for this month. Patrons of the parties are asked to observe this change in schedule.

FLOUR is one thing we have plenty of, these days. And it's positively amazing how easy it is to use flour tastily in home cooking.

In the old days, I know, "home baking" meant long preparation and hard work—but nowadays it's increasingly simple to bake biscuits and muffins and bread right at home.

There are also "special" things we can bake in our kitchens, easily. For instance:

CRANBERRY NUT BREAD

A delicious, colorful holiday bread that's ideal for making dainty sandwiches for tea or refreshments. Let stand at least 24 hours and it will slice paper thin.

Cranberry Nut Bread

- 3 cups enriched flour
- 4½ tsps. baking powder
- 1 tsp. salt
- 1 cup sugar
- ½ cup finely chopped walnut meats
- 1 tbsp. grated orange rind
- 1 cup whole uncooked cranberries
- 1 egg
- 1 cup milk
- 2 tbsps. melted shortening

Sift and measure flour; sift with baking powder, salt, and ¾ cup of the sugar into bowl; add nut meats and orange rind. Wash cranberries; grind in food chopper, using medium knife; add remaining ¼ cup of the sugar. Beat egg; add milk, shortening and cranberry mixture; stir quickly and lightly into flour mixture. Pour into well-greased loaf pan (9x4x3). Bake in moderate oven (350° F.) about 1 hour or until done. Makes one loaf.

LIGHT FRUIT CAKE

Simple to make and elegant to serve. Make a week or two before serving time so cake and fruits can "ripen."

Light Fruit Cake

- 1¾ cups enriched flour
- 2½ tsps. baking powder
- ⅛ tsp. salt
- ½ cup shortening
- 1 cup sugar
- 2 eggs
- ¾ cup milk
- 1 cup coarsely chopped walnut meats
- ½ cup well-drained sliced maraschino cherries
- ½ cup thinly sliced candied orange peel
- ½ cup thinly sliced candied lemon peel
- 1 cup raisins
- ½ tsp. lemon extract

Sift and measure flour; sift with baking powder and salt. Cream shortening; add sugar gradually, creaming until light and fluffy. Add eggs one at a time, beating well after each addition. Add flour mixture and milk alternately, beating until smooth after each addition. Add nutmeats, fruit, raisins and flavoring. Pour into well-greased and paper-lined loaf pan (5x10½x3), and bake in moderate oven (350° F.) 1 hour and 20 minutes or until done. Makes 1 loaf.

30 DAYS' NOTICE ON STAMP 18

The public will be given 30 days' notice, should it become necessary to terminate Shoe Ration Stamp 18. This announcement was made recently by OPA to "kill" scare-buying rumors that the validity period of Stamp 18 might be cancelled with only 24 hours' notice to consumers.

BROWN POINTS FOR WASTE FATS

For every pound of fat a housewife turns in to her meat dealer or other fat salvager, she receives two brown points, beginning December 13. "But most important," Herbert M. Faust, director of WPB's Salvage division said, "within a month the fat will be transformed into war materials and on the way to the fighting fronts." He reminded housewives to save the grease from turkeys, geese, ducks, and chickens, for the manufacture of war products.

Miss Lea Pantaleoni Claimed At Altar By Sergeant Patterson

Miss Lea Pantaleoni, daughter of Victor Pantaleoni, well-known Daly City business man, became the bride of Staff Sergeant Robert J. Patterson, U. S. Army, at St. Paul's Episcopal church, Saturday, December 4. She wore traditional white slipper satin, styled with sweetheart neckline, fitted bodice, and a 3-yard train. Her fingertip tulle veil was held by a crown. She carried a shower bouquet of gardenias and bouvardia clustered around two white orchids. She was escorted to the altar by her father.

Maid of honor was the bride's sister, Miss Vicky Pantaleoni, and bridesmaids were Mrs. Frank W. Smith, Miss Dolly Pantaleoni, Miss Mildred Pantaleoni, and Mrs. Walter Crombie. Best man duties were performed by Joseph Pantaleoni, the bride's uncle, and the ushers were Leo Pantaleoni, Frank W. Smith, Robert Cane, and Byron Van Alstyne.

A reception followed the exchange of vows at the Benjamin Franklin hotel, San Mateo, where white floral arrangements formed the table decor around the three-tiered wedding cake. Following the honeymoon, Mrs. Patterson was to make her home with her parents, Mr. and Mrs. Victor Pantaleoni, in Burlingame, and the benedict returned to Camp Roberts, where he is stationed.

On Sunday afternoon, November 28, the bride-elect was honored at a surprise miscellaneous shower in Daly City at the home of her aunt, Mrs. F. Gregori, 157 Station avenue. More than forty guests attended the party, which was held in the living room of the Gregori home. Decorations carried out a red, white, and blue theme. Refreshments were served buffet style. Miss Pantaleoni received many beautiful and useful gifts.

Children in the sixth grade always thoroughly enjoy their weekly audience readings which are given to promote oral expression and stimulate reading interest. This week pupils read and enacted a one-act marionette comedy called "The King's Toothache." The principal characters were interpreted by Angelo Gianni, Joseph Arrighi, Robert Adrevano, Mary Puricelli and Harold Varni, who read their parts convincingly and well.

In connection with their textile unit, the fifth graders are studying the ways and habits of butterflies. Two caterpillars from the West Coast Lady Butterfly, that have spun their cocoon, are under close observation by the class. The children are anxiously waiting for the butterflies to emerge from the cocoons.

In grades two and three, the story of the "Night Before Christmas" has been used as a decorative frieze. The children are making other room decorations expressive of the Christmas spirit,

SUCCESS OUTSPEEDS GRIM REAPER

A fatal illness was outraced by R. J. Mitchell, who completed his development of the deadly fighter plane, the Spitfire which saved England from the Luftwaffe. Mitchell, receiving belated recognition by the world, is the hero of an intensely dramatic accolade, produced by Leslie Howard under the apt title, "Spitfire." Rosamund John as Mrs. Mitchell, and David Niven, as Mitchell's best friend and test pilot, are seen above with Howard in a moving scene from this human drama, currently at the Daly City theatre.

lative acts covering such action, and stated that consent by owners of at least 50 per cent of the property involved is required to have the work done. It will be necessary to have the land included in the Colma Sewer district, according to Jensen, which will cost approximately $1400. This fee would be shared by those receiving the service, and paid as an assessment against the property, he stated.

After lengthy discussion, Mayor Paul Delucchi appointed the board to act as a committee to circulate a petition among the owners, in an effort to secure the necessary 50 per cent approval before incurring the expense of engineering surveys and other costs which would fall upon the Town of Colma, should the project be rejected. .

That the certification of volunteers to the state Civilian War Council must be made before February 4, 1944, was stated in a communication from that body, read by the clerk. Jensen urged passage of a resolution to that effect, as the only method of protecting workers in event of their injury in line of duty.

Upon assurance by Attorney Gebhardt that the matter could be passed as an emergency measure at the January session to go into effect immediately, it was tabled until that time when the resolution can be properly drawn up and presented.

Mayor Paul Delucchi presided, and also present were Councilmen Jensen, Peter Barsi, Fred Lane and Bartley Flynn; City Clerk E. A. Weisenburger, City Attorney Gebhardt, City Judge C. E. Lowe, City Treasurer Henry Kempf and Chief of Police Joe Cavalli.

Police Chief Says Curfew Law Works

(Continued from Page 1)

Roy Beecher found that the overhead sign had been hurled through the large plate glass window at the front, breaking it. They contacted the owner. The incident occurred at 3:45 a. m.

At 8:05 a. m. Thursday morning the police received word that a tree had fallen out across Hanover street from the property at 487 Hanover street, partially blocking traffic. At 10:18 a. m. Officer George Hopman removed an aerial pole which had been thrown by the wind across the wires in front of 234 Miriam street. At 11:58 a. m., Officer Hopman went to 259 Willits street to secure an upper window which was blowing wildly in the wind and about to break. No one was at home but he was able to fasten it by using a ladder.

Police kept check on street lights during the storm, reporting dozens to the P. G. and E. for repair. Whole sections of the city were in darkness during the storm. A live wire was down at Eastlake and Mission.

Saturday, December 11, at 10:36 a. m. Chief Reardon and several men from the water department put out a fire on the back porch at 671 Hanover street, where rags had ignited.

An automobile crashed into the doors at the Daly City branch, Bank of America, Sunday, December 12, at 2:10 p. m., pushing the doors in and breaking the glass. Officers Benassini and Hopman stopped Arthur Alviso, 922 Huron avenue, San Francisco, just as he was driving away from the scene. He had parked a Chevrolet sedan in front of Edwards Drug store, from where it ran, driverless, down into the front entrance of the bank. The police issued a tag to Alviso and notified bank officials of the damage.

"Spitfire" Opens At Daly City Theatre

In the engrossing new picture, "Spitfire," starring Leslie Howard and David Niven, Daly City movie goers will meet a little-known hero, an engineer who was a poet, a designer who was an artist, a craftsman who fought for his beliefs to the death, a husband whose devotion never faltered — R. J. Mitchell, a wizard of a man.

"Spitfire," current attraction at the Daly City theatre, is the glowing human story of this Mitchell, the inventor of the deadliest fighting plane the world has ever known. Leslie Howard plays Mitchell, giving one of the finest performances of his career. David Niven, as a daredevil and debonair test pilot, gives a performance of manly charm and infectious gaiety, a reckless airman of infinite daring and also of an endless string of dates with blondes and brunettes. Heading the distinguished supporting cast is the English beauty, Rosamund John, as the understanding wife of Mitchell who suspensefully watched him work himself to death for a great ideal of duty to his country.

"Spitfire" is a picture to fill one with great pride in the Allied fighting men and machines. It is not a war picture, although the Battle of Britain climaxes the story. In between is the drama of a perceptive and dogged man who perhaps was the first to see the malevolent intent of Hitler toward the entire world.

The story starts in the far-off time of the first Schneider Trophy air races. Mitchell designs a cumbersome biplane which achieves the then incredible speed of 129 miles an hour! But Mitchell has lain on the Devon cliffs and watched the flight of sea gulls through field glasses. His dream is to build a swift monoplane all of a piece—wings and fuselage forged into one, like the wings and body of the soaring gulls. The bigwigs of his time scornfully reject his ideas and bid him continue turning out his Supermarines, which according to present day standards—did no more than flounder through the air. It is the familiar story of the world's indifference toward genius.

On a holiday trip to Germany, Mitchell, his wife and his best friend, Geoffrey Crisp, a test pilot, are entertained at the famed Richthofen club. They see the glider schools where young Nazis are taught—in ironical observance of the Versailles treaty against Germany's re-arming — how to be pilots of deadlier planes to come. Mitchell meets face-to-face the sullen Messerschmitt, who is later to design and give his name to Goering's most dangerous plane. The Englishman sees the fangs and claws behind the elaborate Nazi courtesy. He hurries home and pleads for funds to enable him to design a plane which will out-fight anything the Germans may produce.

The government refuses; but an eccentric titled lady produces the necessary funds and Mitchell forges ahead. His radical new idea is to build a plane around an engine, instead of putting an engine into a previously designed plane. The firm of Rolls-Royce accepts his idea, and invents for it the symbolically named Merlin, an engine of former undreamed power. And the Spitfire is born.

But for this achievement, Mitchell pays with his life. A year before his success, doctors had told him that he must rest—or perish. He makes his choice—victory and death. That victory comes just in time to save Britain, and perhaps the world, when the Spitfires shoot the Luftwaffe out of the English skies on September 15, 1940.

In "Spitfire" are all the elements of human drama and comedy. They are fully realized, and are forged into one of the great pictures of the times.

HOUSING CENTER

The San Mateo County War Housing center in Burlingame has just completed its first year of operation. Sixteen hundred and thirty-five applications for housing were received during the first six months, but during the second six months the demand more than doubled, bringing the total number of applications for the year to 5,213. Of these, 1,283 were placed. The center wishes to thank those patriotic citizens who opened their homes and made these placements possible.

One hundred pounds of waste paper will make 650 cartons for U. S. Army Field Ration "K".
